Gainesville Daily Sun

VOL. XXIV, NO. 189 GAINESVILLE, FLORIDA, TUESDAY, SEPTEMBER 17, 1907 TEN CENTS A WEEK

HOT ROAST FOR G. O. P.

Kentucky Democrats Bring Goebel Murder Into Campaign.

WARM TIMES ARE PROMISED

Also Former Governor Bradley Comes In for Caustic Comment—Arraignment of Republicans from President Roosevelt Down.

Louisville, Ky., Sept. 16.—The fact that Vice President Fairbanks is to come into Kentucky in aid of the republican state ticket, is probably responsible for a "hot roast," handed him by the state democratic campaign committee for his alleged friendliness to William S. Taylor, the former governor of Kentucky, who for seven years has been protected in Indiana from Kentucky officials, who would have brought him back to stand trial for alleged complicity in the assassination of Governor Goebel. President Roosevelt is also brought forward as a friend of the accused man, and the republican party, as a whole, is now roundly scored for its alleged efforts to prevent justice being meted out to those guilty of a foul crime.

Former Governor Bradley, who held the reins during the stormy period of the state's history, when the alleged plot to seat Taylor by force and when the state military was called out to carry this plot into execution, also came in for caustic mention. It is charged that he dictated the nomination of Wilson, the present republican aspirant, and then he is accused of having knowledge of the fact that a plot existed to kill Governor Goebel and that he failed utterly to warn him of the impending danger.

In substantiation of this grave charge the committee quotes at length from the court records in the trial of the case of Garnett Ripley, giving Bradley's own words as uttered upon the witness stand at that time. In this testimony the former republican governor and now chief backer of Wilson for that position, and the man who will doubtless go to the United States senate if the democrats are defeated in the coming election, said that some one came to him while he was standing on the street, talking to Judge Yost, and said: "Governor," pointing to a group of men, "there are some men out there who are going to kill Senator Goebel when he comes down out of the senate chamber, and it ought to be stopped."

This arraignment of the republicans, from President Roosevelt on down, is regarded as the severest shot fired from the democratic state headquarters, and it makes it clear that the democrats expect to fight the battle to a finish along these lines.

G. A. R. Names Atlanta Man.

Saratoga, N. Y., Sept. 16.—Besides the election of Charles G. Burton as commander-in-chief, the G. A. R. has named the following officers: Lewis C. Griffith, of Troy, N. Y., senior vice commander; William M. Scott, of Atlanta, Ga., junior vice commander; Dr. Lane Tanner, of Baltimore, Md., surgeon general; Bishop Samuel Fallows, of Chicago, chaplain-in-chief. Toledo, O., was selected as the place of meeting for the next encampment. The date will be fixed by the national council of administration.

Dodged to Meet Death.

Toledo, Ohio, Sept. 16.—Struck by an interurban car when he sought to avoid a city car in crossing Superior street, Joseph S. Genrich, 55 years old, a saloon keeper, was knocked under the wheels. His chest was crushed and his right leg cut off. He died an hour later at St. Vincent's hospital.

Conductor's Tragic End.

Winston-Salem, N. C., Sept. 16—J. W. Joyner, conductor of a freight train, was killed instantly at Moores. He was "swinging to" a car when the train entered the Moores-ville yard. His head struck a pole and he was thrown under the train. His body was horribly mangled.

COPPER MINES CLOSE.

Amalgamated to Quit Work at Butte. Overproduction and No Demand.

New York, Sept. 16.—The Amalgamated Copper company is about to shut down its mines in and about Butte, Mont., for an indefinite period. From an interest closely identified with the company it was learned that the suspension of operations is due to overproduction and lack of demand for copper and to some extent also to the difficulty of obtaining adequate supplies of fuel at Butte.

According to the authority for the announcement that there is now a surplus supply of 250,000,000 pounds of refined copper in the United States the production of copper in September, he said, would be 6,000,000 pounds less than in August. The present price as quoted in the market is about 18 cents a pound for electrolitic, but according to the authority referred to, it is doubtful if 15 cents a pound could be obtained for any considerable quantity.

The Amalgamated Copper company's shares led a sharp decline on the stock market Thursday afternoon, the stocks selling down to a loss of about 4 points before 2:30 o'clock, as compared with Wednesday night's closing price. Quotations on the stock were the lowest in years.

Henry H. Rogers, president of the Amalgamated Copper company, is now ill at his home in Fairhaven, Mass.

GAIN OF $55,000,000.

Increase in Taxable Values in Georgia Over Last Year.

Atlanta, Sept. 16.—With the award Friday afternoon fixing the value of the Seaboard Air Line system in Georgia at $12,651,580, the arbitrations on corporate property in Georgia came to an end, and the taxable values in this state, totalled in round numbers $692,000,000, or an increase of $65,000,000 over last year's total valuations.

Of this sum the corporation returns yielded an increase of $25,000,000, and the taxable property, as indicated in the county digests, was about $40,000,000.

The last of the arbitration boards returned its award to Comptroller General Wright shortly after 5 o'clock, and being final was of course, accepted by him.

The board met in his office Friday morning and was composed of Commissioner Stevens, representing the state; Representative Martin, of Elbert county, representing the road, and Judge A. L. Miller, as umpire.

Bitten by a Mad Dog.

Atlanta, Sept. 16.—J. C. Platt, of Augusta, Ga., member of council of that city and foreman of the Sibley Manufacturing company there, arrived in Atlanta Friday and presented himself at the Pasteur institute for observation for hydrophobia. Mr. Platt was bitten Tuesday in Augusta by a small dog which had suddenly gone mad. The dog snaped at several people in the mill of the Sibley company, and finally attacked Mr. Platt. That gentleman succeeded in kicking the canine to death, but not before he himself had sustained some slight bites on his hand.

Southern to Reduce Shop Force.

Knoxville, Tenn., Sept. 16.—Announcement is made that the Southern railway will reduce its shop forces in this and other cities, over 1,000 men being put out of work on the entire system. About 400 will be laid off at the Coster shops in this city. It will reduce the local payroll about $20,000 per month, and that of the entire system about $60,000 per month. During the past two months about 100 men have been laid off on construction and other work for the Southern in and about Knoxville. It is claimed that this action is necessitated by unfavorable legislation affecting the Southern railway.

Failure as a William Tell.

Rio De Janeiro, Sept. 16.—Juan Espinosa, an expert Chilean marksman, while attempting to shoot an apple from the head of a man at a circus here, missed and killed the apple bearer. The crowd at the exhibition made a rush for Espinosa and he barely escaped lynching at their hands.

RAILWAYS OF THE U. S.

Par Value of Railway Capital Outstanding $14,570,421,478.

STATISTICS OF INTEREST

Abstract of the Nineteenth Annual Statistical Report of the Interstate Commerce Commission—Increase in Net Earnings.

Washington, D. C., Sept. 16.—The interstate commerce commission has made public an abstract of its nineteenth annual statistical report covering the year ending June 30, 1906, showing that the par value of railway capital outstanding was $14,570,421,478, or $67,936 per mile of the railways in the United States. Of this over 35 per cent paid no dividends.

Of the railways' stock outstanding $2,257,175,759 was owned by railway corporations and of railway bonds $641,305,050 were so reported. The aggregate gross earnings from the operated mileage of 222,340 miles of lines were $2,325,765,167 being $243,282,761 greater than in 1905. Their operating expenses were $1,536,877,271, or $146,275,119 more than in 1905.

The net earnings aggregated $788,887,896, an increase of $97,607,844.

Deducting fixed and other charges the report says $385,186,328 is the net income for the year available for dividends or surplus. There were 977,507,838 passengers carried, an increase of over 60,000, and 1,641,374,219 tons of freight carried, an increase of 202,000,000.

The report shows 10,618 persons killed and 97,706 injured.

There was a total of 1,521,355 persons on the pay roll.

The report shows that one passenger was killed for every $2,227,041 carried, while in 1905, one was killed for every 1,375,856. One person was injured for every 74,276, as against one in every 70,655 in 1905.

SHORTAGE FIXED AT $118,000

Alleged Defalcation of State Tax Clerk Letten, of Louisiana.

New Orleans, Sept. 16.—The amount of State Tax Clerk Charles E. Letten's defalcation was fixed at $118,000. The examination of his books is not complete, but experts doing this work said they don't expect to find any larger shortage.

Two desperate attempts at suicide were made by Virginia Reed, the negro woman to whom Letten says he gave the greater part of the stolen money.

Dressed in silks, she jumped into Bayou St. John, a creek in the city, but was pulled out by a negro boatman after she had become unconscious, being shortly revived by the process of rolling on a barrel. After regaining consciousness, she broke away from her rescuers, threw herself flat in a shallow pond and held her head under water until again dragged out.

Letten went before a grand jury and confessed to his defalcation. He also issued a written statement about the Reed woman, in which he said he gave her $90,000 between January, 1903, and the present month. He offered no explanation for giving her such a large sum except to say that the first $500 was given to furnish her a home.

Dies of Bubanic Plague.

San Francisco, Calif., Sept. 16.—Chang Mon Wo, president of the Chinese Six companies, was found dead Friday at 742 Sacramento street in Chinatown. Death was due to the bubonic plague. A Greek laborer who was taken ill in a house in Green street near the water front also died of the same plague. The total number of cases to date since May 27th is twenty-four; deaths, 13.

Employees Were "Shown."

Petersburg, Ind., Sept. 16.—The strike at the Hoosier glass factory ended when the employees were shown that the company was paying wages equal to those paid by any similar concern in the state.

BATTLE WITH BURGLARS.

Cornered in Store They Showed Fight. One Killed, One Wounded.

Louisville, Ky., Sept. 16.—Caught in the act of robbing the store of Rector Jones, at Highland Park, a suburb of Louisville, three burglars put up a desperate battle, and as a result one was killed, another was seriously wounded, and a third was shot in the right hip.

The burglars were discovered in the store by John Campbell and he gathered a posse.

The posse surrounded the store, and Rector Jones entered unobserved from the rear. The robbers were caught by surprise, but when they saw Johns they fled to the front door, where they were confronted by Campbell and Parish. They were ordered to hold up their hands and obeyed.

Campbell then called to Johns to disarm the men, each of whom had two revolvers.

When Johns attempted this the burglars suddenly showed fight. One grappled with Johns and he fired. The man dropped and the other two then rushed at him. Twice more his pistol cracked, each bullet getting a man. By this time the front door had been forced and two of the burglars made a dash for liberty. One soon fell exhausted and the other was captured an hour later. In the meantime the man first shot had expired.

CRIME OF GRAFTING.

Should Be Punishable by Death Says Representative Lally.

Waterburg, Cond., Sept. 16.—Representative George L. Lally, member of the house naval affairs committee, who has been criticized because of his outspoken attitude on Charleston harbor, has written an open letter in which he says:

"If I had the supreme law-making power in this country the only crime punishable with death would be that of grafting. Murder would receive secondary consideration.

"Any man who sits as a member of the committee on naval affairs and uses his efforts to obtain an appropriation for some tumble down navy yard in his district to the end that he may provide well paid jobs for his constituents is grafting. Not a single dollar may touch his hands but just the same he is grafting out of the United States government which he is paid to serve and sworn to serve."

FATAL AUTO ACCIDENT.

Man Killed While Hauling Coffin for His Dead Nephew.

Chattanooga, Tenn., Sept. 16—While conveying a coffin for a dead nephew from Rossville, Ga., to his former home, near Ringgold, Ga., J. H. Smyth was thrown from his wagon by a collision with an automobile and instantly killed.

The chauffeur was only 19 years old, and the machine, owned by the Chattanooga Automobile company, was conveying a party of sightseers on a trip around the federal roads of north Georgia.

It is claimed by the chauffeur that the machine was traveling not over 8 miles an hour. This is the third accident in as many weeks in and about Chattancooga that has been attended with fatal results.

Big Theatrical Trust.

New York, Sept. 16—Launching of the International Theatrical trust is said to be assured. Legal difficulties which it was thought might prevent consolidation were disposed of during the European trip of Levy Mayer, general counsel for the Klaw & Erlanger combination and the steps necessary to acquire control of two or three theaters in all principal cities of Europe will be taken at once. The combination expects to complete this work by the first of the year.

Given Military Commission.

Atlanta, Sept. 16.—Adjutant General A. J. Scott has commissioned two prominent Augustans as officers in the national guard of Georgia. They are Coles Phinizy to be first lieutenant in company K first cavalry, and T. H. Stafford, to be second lieutenant in the same company. Both commissions were signed by the governor.

2 WAREHOUSES BURN

One Hundred and Eighty Bales Destroyed.

CAUSED A LOSS OF $17,000

Two Fires Occur at Royston Within a Few Hours of Each Other—Loss on Both Warehouses Is Severed by Insurance.

Royston, Ga., Sept. 16.—At 10 o'clock Friday night the warehouse and office of L. J. McConnell, containing about one hundred bales of cotton, was totally destroyed by fire.

At 6 o'clock Saturday morning the farmers' warehouse, the largest in northeast Georgia, containing eighty bales of the fleecy staple, was totally destroyed by fire.

The two fires caused the loss of about $17,000.

Both of the losses are covered by insurance. The origin of the fires is unknown.

14 Bales Burn in Dublin Warehouse.

Dublin, Ga., Sept. 16.—A fire was discovered Thursday night in the union warehouse about 12 o'clock.

Fourteen bales of cotton were burned also.

The rain storms during the past week have wrought considerable damage to the crops. The farmers estimate twenty per cent damage.

WILL RESUME MAIDEN NAME.

Artist Earle's Wife Interviewed by French Reporters.

New York, Sept. 16.—Special dispatches from Boulogne, France, in reporting the arrival there of Mrs. Frederick Piney Earle, wife of the American artist who has voluntarily relinquished her husband to an "affinity," state that during the voyage Mrs. Earles faced her strange situation with a singular generosity toward both her husband and her rival.

The depression which, she admitted, had almost overcome her at the outset of the voyage, is described as having completely disappeared. To the reporters who awaited her at the Boulogne landing stage she recited the story of her matrimonial life with simple directness devoid of bitterness.

"I am convinced," she said, "that this is the only solution. I have neither jealousy of Miss Kittner nor feeling against Mr. Earle. It is ordained by fate. She is a woman of excellent character, and I am convinced my husband will be happy with her.

"My future? Ah, that remains to be talked over with my father. My life is wrapped up in my boy. He asks after his father now, but he will soon forget. I hope to make him, first, a good man."

Mrs. Earle will resume her maiden name after the divorce and live as if Earle had never existed.

MARCH OF THE BOLL WEEVIL.

Cotton Pest Has Reached a Point 25 Miles From Mississippi River.

New Orleans, La., Sept. 16—The cotton boll weevil, which is about to begin its annual migration eastward, has reached a point in Louisiana 25 miles from the Mississippi river, according to a telegram from the state crop pest commission to Governor Blanchard. In the destructive migrations of this pest eastward for several years past across all Texas and the state of Louisiana, the Mississippi river has been the most interesting milestone to cotton interests and to scientists.

Scientists declare the great river will prove no barrier and will not stop the advance of the costly pest into the eastern cotton belt.

Yellow Fever Situation.

Washington, Sept. 16—In a dispatch received at the War Department from Havana, Governor Magoon outlines the yellow fever situation in Cuba. The cablegram says there were four new cases discovered at Cienfuegos Thursday and three Friday. All are Spaniards, except one American soldier, Private William Foster, of the Fifteenth cavalry.

...LIC SCHOOL TO OPEN MONDAY WEEK

...After A Long Vacation Children Will Resume Their Studies.

...SCHOOL PROSPECTS ARE FINE

The Faculty is the Best Which Could Be Secured, and New Features Are Added to the School This Year. Prof. McBeath is Very Active.

In a few days the "school boy with his shining morning face" will again be a familiar figure on the streets going to the public school building. The Gainesville Graded and High School will open for business on Monday, September 30.

Principal McBeath, with the janitors and force of hands, is busily engaged in putting the building and furniture in shape for the beginning of the new session. The fitting up of an additional room for the High School this year, brings all the rooms of the building into use, and necessitates a rearrangement of the desks in several rooms. The blackboards are getting a new coat of slating and the floors, wainscoating, etc., in all the rooms and halls are being thoroughly cleaned and brightened up.

A New Departure.

In order to provide for such pupils as may wish to study Latin, the school will carry two courses, as laid by the new course of study adopted by the committee of high-school principals at Tallahassee last June. Latin and an English Science. This new course differs from the other, in that botany, physiography, physiology and general history are substituted for Latin. The effect of putting in these courses will doubtless be that many more boys will remain to finish the high school work than formerly were required to take Latin.

The Faculty.

The teachers for the ensuing session are as follows: First grade, Miss ...; second grade, Miss ... Bullock; third grade, Miss ...; fourth grade, Miss ...; fifth grade, Miss ...; sixth grade, Miss Carrie ...; seventh grade, Miss Annie Dasher; eighth grade, Mrs. W. F. Coffin; ninth grade, Miss Serena Shannon; Spanish, Miss Gussie Miller, Miss Ellen ... and the principal, Prof. T. F. McBeath.

The people of Gainesville are proud of their public school, and have just cause to be. Last session was one most satisfactory and successful in every way to the school. Superintendent Conoley visited the school ... and did not hesitate to declare ... representative that it was ... the best managed and disciplined public school he had visited in the entire State.

The agricultural department prepares boys to enter our State University ... State College for Women, and ... boys and girls to be ... for those schools cannot do ... have to come to Gainesville ... them in charge of Principal ... and his earnest and capable ... The moral atmosphere ... school is especially fine, and ... best part of a boy's or girl's ... in this school as carefully ... care as in their intellectual advancement.

Mr. Russell Dead.

William Russell of Bronson, aged ... years, and one of the most ... and highly respected ... of Levy county, died at the ... of his son, John Russell, in this ..., at 6:30 o'clock Monday morning. ... has been in this city for ... past month, during which time he ... been confined to his bed.

The remains were shipped to Bronson Monday night, where the funeral ... be held today.

Japs Given Titles.

Tokio, Sept. 16—Viscount Hayashi, minister of foreign affairs, has been promoted to the rank of count and Komura and Kurino have been created baron in recognition of their services in concluding the treaties with France and Russia.

Quota Many Employees.

Richmond, Va., Sept. 16.—The Southern railway is reducing its force of employees considerably. In this city 300 machinists were discharged.

JAP-A-LAC

A High-Grade Varnish and Stain Combined.

Yes, We Have It

How is the time to paint your porch chairs. Touch up your floors—they need it.

If you are going to paint your house don't fail to use the best —BAIRD'S 100 Per Ct. Pure Paint.

BAIRD HARDWARE CO.

Paints, Glass, Oil, Etc.

OPENING OF AN OLD SCHOOL.

Miss Tebeau's Boarding and Day School Opened Monday.

Monday was the opening of the thirty-fourth year of Miss Tebeau's school. It was a fine opening, as it should have been. There were sixty students in attendance the first day.

Miss Tebeau believes in beginning work at once, hence by noon she and her assistant, Miss Thomas, had every student classified and lessons assigned for Tuesday.

Miss Tebeau told a reporter of The Sun that the parents of at least one-third of the students who had enrolled were former students of her's, and of course she felt very much in love with the children of her former students.

The following-out-of-town pupils were enrolled:

Misses Minnie and Bessie Eddy, Orange Heights; Miss Kate Clyatt, daughter of Dr. O. S. Clyatt, Trenton; Miss Pournell, Ft. White; Miss Seigler of Waldo; Miss Margaret Platt, Stewart; Armel Dudley, Lakeland, and Leon Medlin of Meredith.

We bespeak for Miss Tebeau a prosperous year.

DOCTORS PRESCRIBE SULPHUR.

But Sulphur Should Be Used in Liquid Form Only.

"Hancock's Liquid Sulphur is the most wonderful remedy for Eczema I have ever known," writes Dr. W. W. Leak of Orlando, Fla., who was cured of a case of years' standing.

Dr. W. A. Heard of Maitland, Fla., was cured of Eczema after he had suffered for thirty years, and says: "Hancock's Liquid Sulphur is the finest remedy for all Skin troubles he has ever used or prescribed."

Doctors everywhere prescribe it, but they say sulphur should be used in liquid form only, as it is in Hancock's Liquid Sulphur.

Druggists sell it. Booklet free, if you write Hancock Liquid Sulphur Co., Baltimore.

It cures all skin and scalp diseases, if used in connection with the wonderful Hancock's Liquid Sulphur Ointment.

Acquitted of Murder.

Columbia, S. C., Sept. 14.—William S. Green was declared not guilty on the charge of murder by a jury in the court of general sessions Thursday. It took the jury less than one hour to reach a verdict. When court convened in the morning the argument was begun, all the testimony having been concluded. On the 26th of April, 1907, Green shot and killed Mose Tucker, a negro hackman, in the store of Peter Grives on Main street next to the Palmetto National bank building. Self-defense was the defense.

"JUST FROM GEORGIA"

F. L. S. in Atlanta Constitution.

The Major's Opinion.

"What will you do when prohibition strikes you?"

"Sir," replied the major, "you can lead a horse to water, but I'll be darned if you can make him drink!"

A Clincher.

"Do you think you will ever publish my poem?" wrote the author to the editor. And the editor replied:

"What have you done to deserve it?"

Billville Office Rules.

We never return rejected articles. We get a dollar a ton for them at the paper mill.

Write on one side of the paper only. When the other side is blank we can figure up our losses on it.

Subscribers who have not received their paper in three weeks or more, should inquire at the sheriff's office, where a reason will probably be given them.

Another Nature-Faker.

"Here are some verses what wuz writ by a young son o' mine," said the old man. "Are they all right?"

"Well," replied the editor, "they rhyme all right, but they are not true to nature."

"You must be mistaken," said the old man. "He writ 'em in the thick woods, with rattlesnakes all around him!"

Just About.

"Poets look like business men nowadays."

"Yes; some of 'em make enough to have their hair cut."

Nuggets from Georgia.

We call this world "a wilderness of trouble," but very few of us are willing to part with an acre of it.

We look to the future for Happiness, and never recognize it when we meet it on the road.

"Keep the saw in the log," but it goes without saying that you'll never raise much sawdust in the world unless you keep it busy.

Sad Truth.

The sweet singer of The Whitsett Courier is growing pessimistic. Hear him:

"Alas! the age is hollow—
It has no heart for song;
They'd rather have a dollar
Than a poem ten yards long!"

If its a Reputation

You are after, White's Cream Vermifuge has a world wide reputation as the best of all worm destroyers, and for its tonic influence on weak and unthrifty children. It improves their digestion and assimilation of their food, strengthens their nervous system and restores them to health and vigor natural to a child. If you want a healthy, happy child get a bottle of White's Cream Vermifuge. Sold by W. M. Johnson.

LaCrosse Union Meeting.

Rev. F. M. Hartman of Paradise writes The Sun to the effect that the union meeting, which was to have been held with the LaCrosse church, has been postponed, and that the meeting will be held with Antioch church on September 27, 28 and 29.

This meeting will be largely attended, and a great success is anticipated. The public has a cordial invitation to attend.

General Robert E. Lee

Was the greatest general the world has ever known. Ballard's Snow Liniment is the greatest Liniment. Quickly cures all pains. It is within the reach of all. T. H. Pointer, Hempstead, Texas, writes: "This is to certify that Ballard's Snow Liniment has been used in my household for years and has been found to be an excellent Liniment for Rheumatic pains. I am never without it." Sold by W. M. Johnson.

A Mild Laxative

Ask your doctor to name some of the results of constipation. His long list will begin with sick-headache, biliousness, dyspepsia, thin blood, bad skin. Then ask him if he would recommend your using Ayer's Pills for constipation. Just one pill at bedtime, a few times, that's all.

We have no secrets! We publish the formulas of all our medicines.

J. C. Ayer Co., Lowell, Mass.

MONTHLY MISERY

is one of woman's worst afflictions. It always leaves you weaker, and is sure to shorten your life and make your beauty fade. To stop pain take Wine of Cardui and it will help to relieve your misery, regulate your functions, make you well, beautiful and strong. It is a reliable remedy for dragging down pains, backache, headache, nervousness, irritability, sleeplessness, dizziness, fainting spells, and similar troubles. A safe and efficient medicine for all women's pains and sickness.

Mrs. J. L. Broadhead of Clanton, Ala. writes; "I have used Cardui for my disease, which was one peculiar to women, and it has completely cured me."

NEWS OF CITY AND COUNTY CONDENSED

Elias Sapp of Jonesville was trading in the city yesterday.

A. S. Wilkerson of Windsor was trading in the city yesterday.

M. S. Brown of Newberry was in town yesterday on business of a legal nature.

W. R. Perryman of Bronson was transacting business in this city yesterday.

Tunno Mixson has returned from Central, where he has been on a visit to relatives.

M. S. Cheves, deputy county clerk, went to Jacksonville on official business yesterday.

Wallace Waters has gone to Hickman, where he will spend a few days with his father.

M. T. Waters, a prominent citizen of Bell, was transacting business in this city yesterday.

B. T. Beckham and B. F. Minton of Orange Heights were in town yesterday and made The Sun an agreeable call.

Dr. McPherson of McClenney, an old friend of Thomas Roebuck, spent Sunday in this city with Mr. Roebuck and family.

Mrs. Frank McDavid and children of Monteocha are in the city, guests of Mr. and Mrs. A. E. Wittstock, North Arredondo street.

Dr. Robert C. Bowers has returned from Norfolk, where he went to attend the national convention of dentists. He reports a fine meeting and a good time.

C. H. Baguley, who is bookkeeper for the Dutton Phosphate Company at Holder, was the guest of his mother, Mrs. Melvina Baguley, and sister, Miss Edith, on Sunday and Monday.

W. G. Richardson has returned from an extended business trip through Columbia, Suwannee and LaFayette counties in the interest of the Southern Guaranty Company of Louisville, Kentucky.

Miss Addie Goode has returned from a visit of several months to relatives and friends in various parts of Kentucky. The many friends of this estimable young lady are delighted to welcome her home.

Mr. and Mrs. Henry C. Futch have gone to Tampa, and will make that city their future home. Friends here regret very much to lose them, but trust they will be pleased with the South Florida metropolis.

Tax Assessor W. W. Colson has returned from Gulf Hammock, where he went to attend a big barbecue and picnic on Friday. He states that it was one of the largest gatherings he ever attended, and the day passed off nicely.

A. M. Pournell, for many years one of the most highly respected residents of Gainesville but now a citizen of Quitman, Ga., was crossing palms with his old friends here yesterday. The editor of The Sun was especially glad to see him again and to note that he is enjoying the best of health.

J. Altmeyer of Louisville, Ky., a brother-in-law of Marcus Endel, is in the city on business connected with the Endel estate. Mr. Altmeyer is engaged in the vinegar and cider business, and makes his Florida headquarters in Jacksonville.

Mrs. J. E. Wainwright and daughter Miss Julia, left yesterday for Pierson, where they will spend a few days as guests of Mrs. Wainwright's father, C. E. Jones. From Pierson they will go to DeLand, where Miss Julia will enter the music department of the John B. Stetson University. Miss Julia is an exceptionally bright young lady, as was demonstrated in the recent examination for position as teacher, she having made among the highest average for a first grade certificate. Her friends predict a great literary future for her.

WILLARD'S COMEDIANS.

This Excellent Company Will Open Theatrical Season Here.

HENRY F. WILLARD.
Henry F. Willard's Comedians.

for, not only does it appeal to every true Southerner but it satisfies the most critical theater goer, and filled as it is with good comedy and brilliant lines, it keeps the audience in a continual laughter all through the play.

The entire scenery for this great play is carried by the company as well as all the electrical effects, and Manager Willard promises the best play and company that has ever been seen here at popular prices. High-class, fashionable vaudeville will be given between acts, including the very latest moving pictures and illustrated songs.

Prices for this engagement will be nights, 25, 35, 50c; matinee, 25 and 35 cents.

Mr. Whitaker is Pleased.

C. C. Whitaker of Camden, S. C., who came here a few days ago on business connected with the Whitaker estate has finished his duties here, but is reluctant about leaving. He is still in the city, and good naturedly declares that he has a great mind to send for his family and continue to reside here.

Mr Whitaker is deeply impressed with the city, which he declares to be an ideal spot in every sense of the word. This is his first visit to Gainesville, but his parents resided here many years ago, accumulating considerable property a short distance west of the city.

She Found Relief.

If you are troubled with liver complaint and have not received help read this. Mrs. Mary E. Hammond, Moody, Texas: "I was in poor health—with liver trouble—for over a year. Doctors did me no good and I tried Herbine, and three bottles cured me. I can't say too much for Herbine, as it is a wonderful liver medicine. I always have it in the house. Publish where you wish." Sold by W. M. Johnson.

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the appoval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

The Marriage Docket.

The marriage docket in the office of County Judge Mason has shown up very well for the past two or three days, the following licenses having been issued:

General Wilkinson and Minnie Dyess, William Taylor and Candacy Merrick, white; Phil Sams and Cora Hays, Norman Maultsby and Crecy Watt, colored.

In the case of Phil Sams and Cora Hays the genial Judge was called upon to perform the solemn ceremony, which he did with his usual grace.

For Over Sixty Years

Mrs. Winslow's Soothing Syrup has been used for children's teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea.

IMPERIALISM RUN WILD.

The term of Senator Fulton of Oregon will expire March 3, 1909, and he is now canvassing the State as a candidate for re-election, it being the custom in Oregon for the voters to instruct members of the Legislature how they shall vote on the election of United States Senators by expressing their will at the polls. Senator Fulton made a speech recently at Corvallis, in which he advocated the election of Senators by the people, a proposition generally favored by Democrats and opposed by Republicans; but he went a good deal farther and linked this proposition with two others which are entirely undemocratic and subversive of our whole system of government. In fact, he went as far as Roosevelt or Root ever went in the direction of destroying State and local rights; and put the propositions of those ultra imperialists into plain language. "I am firmly convinced," he said, "that instead of delegating certain specified powers to the general government, all power should be vested in it, and that the States should exercise only such powers as Congress may from time to time endow them with, or, at the utmost, their powers should be limited and confined to subjects necessary to local self-government, and all other powers be vested in the general government." This doctrine is simply monostrous and treasonable. It would destroy the equality of the States in the Senate and reduce the smaller States to mere vallalage. It is a reversal of the theory of a Federal Government, and is the very quintessence and deadly virus of imperialism. It is, indeed, imperialism run wild. For, as it is now, the States alone have original powers, and the United States Government has only delegated powers, and can exercise no power not plainly delegated. How could a government having delegated powers only, delegate such powers back to their original possessor without leaving itself devoid of all powers? In effect, Senator Fulton's idea is for the government of the Union to make a quit-claim deed of all its powers, and then secure a new deed giving it all powers, and making it like the old kings of England, the "fountain of honor," and the only source of power, having local government to depend solely on its favor. Again the Senator says: "The power to regulate commerce of every character, State and interstate, should be vested solely in the Federal Government. I have prepared and shall offer at the coming session a proposed amendment to the Federal constitution granting to the general government that power." This is dangerous and futile doctrine.

The Federal Congress at Washington is far less responsive to the popular will than the State Legislature, many of which are watched as carefully by the electors as are the local municipal councils. Most grievances are more or less local, and when they must be carried to Congress they can with safety be perpetuated by the votes of members from districts in no way interested. The railway interests, on the other hand, are concentrated and thoroughly organized, and can bring their political powers to bear more effectually at Washington than at the State capitals. As a governmental establishment becomes farther removed from and above the popular source of its authority the stronger is its tendency to sacrifice the public interest. What the people need is local self-government in all matters involving purely domestic affairs.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonals.

Address: F. J. CHENEY & CO., Toledo, Ohio.

Sold by all druggists, 75c.

Take Hall's Family Pills for constipation.

NOT LEGALLY ADOPTED.

The report comes from Georgia that that State, in its litigation with the railroads growing out of the reduced passenger rates, will attack the validity of the Fourteenth Amendment to the Constitution, which the roads will invoke to protect them against what they call the confiscatory order of the commission. Let Hon. John S. Beard of Florida keep his eye on this case: the validity of an amendment next door to the famous Fifteenth is being attacked in the courts; he may get some valuable pointers.—Live Oak Democrat.

If the editor of The Democrat will read Senator Beard's speech in support of his joint resolution he will observe that the Senator paid his respects to the Fourteenth Amendment also, and clearly showed that the same had never been legally adopted. His position is clearly defined in his able argument which was printed in the Senate Journal of April 17th, 1907.

The traveling public speak in the highest praise of Gainesville's new hotel, the White House, which has already gained a State-wide reputation. It is a pleasure to a Gainesville man to sit in a passenger train and listen to the words of praise that traveling men have for this popular hostelry.

Both the Ocala papers advocate the prohibition side in the coming election in that county. They charge so much per line, however, for contributed articles on either side of the question.

S.S.S. CURES CHRONIC ULCER

Chronic Ulcers are the result of a deeply polluted and foul blood. The blood is filled with impurities and germs which are being constantly fed into the place through the circulation, until all the surrounding tissue becomes diseased and the sore an obstinate and permanent trouble. Every symptom of an old ulcer suggests pollution: the discharge, the angry looking flesh, the inflammation and discoloration of surrounding parts all show that the ulcer is prevented from healing by the constant drain through it of impurities from the blood. This impure condition of the blood may be hereditary, or it may be the remains of some constitutional disease or the effects of a long spell of sickness, leaving disease germs in the system, or the absorption of the refuse of the body which has not been properly expelled through the natural channels. But whatever the cause, the blood is so weakened and polluted that it does not properly nourish and stimulate the place, and the sore cannot heal. Salves, plasters, lotions, etc., keep the sore or ulcer clean, relieve pain, and perhaps reduce inflammation, but they never permanently heal them because they do not reach the blood. S. S. S. goes down to the very fountain-head of the trouble, drives out all poison and germs, builds up the weak, sluggish blood, gives energy and strength to the system, and by sending a fresh, healthy stream of blood to the diseased parts, allows the ulcer to heal naturally and permanently. Nothing equals inherited taints like S. S. S. It cleanses the circulation of every trace of hereditary disease or impurity, and those who have nursed and treated an ulcer or sore for years will experience good results as soon as the system becomes influenced by S. S. S. Book on Sores and Ulcers and medical advice free to all who write.

SOME FINE MAPS.

County School Board Adds New Features to Alachua County Schools.

The Board of Public Instruction of Alachua county, always awake to the best interests of the schools of the county, have adopted a new system of maps here which is bound to prove popular and of great benefit to the students of the various schools of the county where they are used.

Several months ago Dr. J. L. Kelley, the ever-watchful superintendent of schools, noticed a new map of a skeleton nature, taking the place of a blackboard in geography, which he decided was about the best and most effective manner of teaching geography he had ever seen. He called the attention of this map to the board, who also readily realized its value, with the result that a dozen sets of three each were ordered.

These maps are heavily mounted on rubber cloth. The set comprises the map of Florida, skeletoned in counties, and also a map of the United States and North America, all of which are outlined in skeleton, and the pupil is required to name the various counties, States, etc., and mark them out by chalk on the board.

Prof. T. F. McBeath, principal of the Gainesville Graded and High School, and other prominent educators of the county, have seen the maps, and pronounce them the best thing of the kind ever introduced in the county.

Dr. Kelley only purchased a few at the beginning, but it is his intention to finally supply every school in the county.

CATARRH IS CURABLE.

Successful Experiments in Abating and Curing This Disease.

Catarrh is an entirely unnecessary disease and should not be tolerated for a single day now that Hyomei is so generally known and has made so many cures in Gainesville and other towns.

Until comparatively recent times catarrh was thought to be a blood disease and stomach dosing the only treatment. Modern science finally disproved this idea of the cause of catarrh, and found that it was a germ disease and, after many experiments, the remedy was decided to be Hyomei.

Hyomei medicates the air you breathe; it kills the catarrhal germs; it heals the smarting and raw membranes of the passages in the nose and throat; it cures all catarrhal troubles.

As there is life and health in the air in the mountain-tops where the pine forests give off their fragrant and healing balsams, so there is life and health in breathing Hyomei. There is no need of suffering from catarrh if the simple and natural treatment of Hyomei is used.

So sure is this prescription to cure even the worst cases of catarrh, that J. W. McCollum & Co. sell it under an absolute guarantee to refund the money if it does not do all that is claimed for it.

When The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root**, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Home of Swamp-Root.

RAW FROM FEET TO SHOULDERS

With Eczema—When Indoors, Itching Was Fearful—Prescription Did No Good—Followed Friend's Advice and Found Speedy Relief.

A PERFECT CURE BY USE OF CUTICURA REMEDIES

"I was raw from my shoulders down to my feet. As soon as I went into a warm room I could not stand the itching sensation. I tried several remedies with no relief, and I consulted a doctor who told me that I had eczema and gave me a box of ointment. I used it about two weeks and got no benefit. I then tried another ointment with the same result. Then I was advised to try the Cuticura Remedies. I got a cake of Cuticura Soap, a box of Cuticura Ointment and a bottle of Cuticura Resolvent and commenced to use them. By the time I had used about half of each of them I could see an improvement. After that I continued to use them until I had used four cakes of Soap, three large boxes of Ointment, and two large bottles of Resolvent in four or five weeks' time. At the end of this period, my skin was as clear as it could be. It is now three or four years since I used them and I wish to state that the Cuticura Remedies are the greatest in the world not only for eczema but for female trouble, from which my wife has been a sufferer for years. Cuticura Remedies, used in connection with one of the Cuticura syringes have done wonders for her. Fred E. Baker, 14 Grotto St., Watervliet, N. Y., Nov. 30, '06, and Jan. 20, '07."

CUTICURA

The Great Skin Cure and Purest and Sweetest of Emollients.

A single anointing with Cuticura Ointment, preceded by a hot bath with Cuticura Soap, and followed in the severer cases by a dose of Cuticura Pills, is often sufficient to afford immediate relief in the most distressing forms of torturing, disfiguring, itching, burning, and scaly humors, eczemas, rashes, and irritations, permit rest and sleep, and point to a speedy cure, in the majority of cases, when all else fails.

Cuticura Remedies are sold throughout the world. Cuticura Soap (25c.) Cuticura Ointment (50c.) Cuticura Resolvent (50c.) (or in the form of Chocolate Coated Pills, 25c. per vial of 60). Potter Drug & Chem. Corp., Sole Props., Boston, Mass.

Mailed free, Cuticura Book on Skin Diseases.

ACCIDENT AT HIGH SPRINGS.

Conductor Mizelle Met His Death by Being Crushed Between Cars.

High Springs, Sept. 16.—One of the saddest accidents that has ever occurred here happened Saturday afternoon at 4 o'clock, when Raymond Mizelle, yard conductor for the A. C. L., was caught between two cars and fatally crushed. He lingered until 11:20 Saturday night, when surrounded by many sorrowing relatives and friends, he passed away. He was conscious to the last, and while his suffering was intense, he was resigned to the will of the Lord, and begged his loved ones to meet him in heaven.

He leaves the following relatives: Two sisters, Mrs. R. J. Futch and Mrs. H. W. Donelly of High Springs, and six brothers, Lawrence Mizelle of Tampa, Bascom Mizelle of Thomasville, Pulu Mizelle of Ocala, Purvis Mizelle of Savannah, and Jesse and Powell Mizelle of High Springs.

He was buried Monday afternoon at Fort Call in Bradford county by the side of his father and mother, who have preceded him to that heavenly home beyond the skies.

He was a young man much liked by all who knew him, and his sad death has cast a gloom over the entire community. The sorrowing relatives have the heartfelt sympathy of everyone.

DR. ROGERS WELCOMED.

A Large Crowd Congregated at Baptist Church Sunday Morning.

A large congregation, irrespective of denomination, gathered at the First Baptist church Sunday morning to greet Rev. S. B. Rogers, the beloved pastor, who has been absent on sick leave for the past few months.

It is needless to relate here the serious physical misfortunes which have attended Dr. Rogers, for they are well known. However, he has overcome all this, and in a short time expects to be himself again.

The church was crowded a half hour before the time for service, and when the genial preacher arrived he was warmly greeted.

There was not a regular service, the morning being taken up by song and prayer, a talk by Dr. Rogers, who told his hearers how thankful he was to again be at home, and talks by members of the congregation. In all it was a great love feast and thanksgiving service, and an occasion which was thoroughly enjoyed.

SERMONETTES

BY J. MARVIN NICHOLS

The man who believes in himself is the man who gets there.

Worry is the mental message that you've got poison in your veins.

If you understand resignation, you cannot teach it—you communicate it.

It is the long stretch that tires us.

Pluck is the weapon of the courageous.

It is not all safe to speak of another's faults until you have none of your own.

Call off, old man. Take a mental inventory. If you don't you'll hit the scrap pile sure.

The human will can be educated that it will focus all our thoughts on the brighter side of things.

Don't take a vacation just to stock up in force that you may pile up dollars. Unwind—unwind—that's the cue.

It may be that many of our lords and kings—barons in the market places of the world—are out of jail purely by a freakish age that grants the greater crime its unmerited respectability.

SCHOOL DAYS ARE NEAR.

Majority of County Schools Will Open on Monday, September 30.

The school days are about to return, and the average school boy and girl are "figuring" on their future troubles. After a long and restful vacation they will be required to again pick up their books and slates and march to school regularly five days out of every seven.

Superintendent Kelley states that the majority of the county schools will open on Monday, September 30. Several schools have already opened, among them being the Alachua High School.

The personnel of teachers this year is very fine, and Superintendent Kelley expects some good results.

An Approaching Marriage.

Invitations are out to the marriage of William Bradley and Miss Marion Smith, the accomplished daughter of Mr. and Mrs. Lawrence Smith, which will occur at the home of the bride's parents, Wacahoota, on the 19th inst.

The contracting parties are both well known and popular in the section where they reside, and friends extend congratulations in advance.

WASHING WITHOUT WATER

Is Like Trying to Get Rid of Dandruff Without Herpicide.

Did you ever see any one trying to wash themselves without soap or water?

If you did what would you say of him?

It is every bit as foolish to try to get rid of Dandruff and to prevent Baldness by feeding the germs which cause it, with Canthrarides, Vaseline, Glycerine and similar substances which form the principal ingredients of most so-called Hair Vigors.

Newbro's Herpicide is successful because it attacks and kills the parasitic germ which feeds on the hair roots.

It is the original and only genuine scalp germicide manufactured.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

Coca-Cola ANALYZED

All over the U. S. and in foreign countries the remarkable popularity of Coca-Cola has drawn upon itself the attention and in some cases the criticism of Health and Pure Food Authorities. As a direct consequence Coca-Cola has been analyzed frequently and in every section by the most eminent chemists, and never in a single instance has a deleterious report been returned. The fact is conclusive proof that it does is that "THERE IS ABSOLUTELY NOTHING IN COCA-COLA ANY MORE HARMFUL THAN IS FOUND IN TEA OR COFFEE."

PRESIDENT PARDONS WOMAN.

Notorious Kentucky Female Moonshiner Granted Executive Clemency.

London, Ky., Sept. 16.—Through President Roosevelt's executive clemency, Mrs. Adaline Rose, one of the most notorious moonshiners in the mountains of southeastern Kentucky, now a federal prisoner at this place, will be released on Tuesday, Sept. 17, from prison and from a fine of $1,000. She will return to her home in the mountains of Jackson county, where, for over 17 years, according to her own story, she has been actively and successfully engaged with a thoroughly organized gang of moonshiners in making and selling whisky in open violation of the laws of the county, state and United States.

The story of these 17 years embraces not only the exciting experiences common in the life of illicit distillers in the wild regions of the Cumberland mountains—eluding revenue officers, smuggling the product of the still to market and maintaining an organization of accomplices and accessories sufficient to defeat cases tried in the federal courts, but the killing of Mrs. Rose's husband by his brother-in-law, one of the leaders in one of Kentucky's famous feuds, the final betrayal by an accomplice, who is now in prison for killing his sweetheart, a jealousy case in which an abandoned wife jumped from a cliff into a river, was rescued and is now [illegible], and, finally, the granting of a pardon by the president of the United States. She is now about 35 years old and the mother of eight children.

GRAY WILL MAKE RACE.

Lieutenant Governor of Alabama Aspires to Governorship.

Birmingham, Ala., Sept. 16.—Lieutenant Governor Gray has announced that he will bea candidate for the governorship of Alabama, at the expiration of Governor Comer's present term.

In a party of friends he also announced that prohibition would be one of the planks in his platform.

On a friend's expressing surprise at the latter's announcement, Mr. Gray recalled the fact that the first time he ever voted was for prohibition, when the interests of that party were victoriously led in Atlanta by Henry W. Grady.

"But you were not of age at the time—you were only 18," he was reminded.

"Yes, I know," he replied, "but nobody asked pertinent questions then, and everybody who wanted to voted."

It was the year prohibition became a law in Atlanta that Mr. Gray went to Birmingham, to assume a responsible position on the Birmingham Age-Herald.

His career since then has been marked by brilliant achievement in business and in public life.

He is president of the People's Saving bank of Birmingham, and was city treasurer for a number of years.

Mr. Gray was elected to the legislature by a large vote, and was elected lieutenant governor in the recent stirring campaign in Alabama.

LIPTON AGAIN TO TRY.

Plucky Baronet Will Challenge for the America's Cup.

London, Sept. 16—Sir Thomas Lipton will make another attempt in 1908 to regain the American cup for Great Britain.

The announcement was made Friday afternoon by Sir Thomas in London, and by the secretary of the Royal Irish Yacht Club, at Dublin.

The challenge, which goes to the New York Yacht club, in the name of the Royal Irish Yacht club, was mailed from Dublin. Sir Thomas told a friend months ago of his intention to challenge, but having until the end of September to take action, he deferred challenging until the eleventh hour, not being desirous of giving the American yachtsmen more time than necessary to make preparations for defending the cup, they having, it is claimed, a great advantage in it being necessary for the challenging yacht to cross the Atlantic.

It was learned that Fife will be asked to design the challenger if he is not already at work on the model of Shamrock IV, for that is to be the new yacht's name.

General Strike Threatened.

London, Sept. 16—A general strike is threatened in England as the result of the long struggle of the railway men's union with the British railway companies for the recognition of their organizations. The decision of the executive commission of the union will be announced in Manchester on Sunday. It is understood that it gives the companies a week in which to officially recognize and treat with the union, and that a strike will follow a refusal.

CASTORIA

The Kind You Have Always Bought
Bears the Signature of Chas. H. Fletcher

BRIEF DISPATCHES.

Mushir El Dowleh, ex-grand vizier and ex-foreign minister of Persia, who was regarded as being chiefly responsible for the shah's rescript granting a national assembly, died suddenly of heart disease.

The Sarapul district of Viatka province has been placed under a state of "extraordinary security," owing to the prevalence there of murders and acts of incendiarism.

"Alec" Shields, well known in turf circles for the last twenty years, died in Brooklyn following an attack of stomach trouble and typhoid fever.

Rheumatism.

When pains or irritation exist on any part of the body, the application of Ballard's Snow Liniment gives prompt relief. E. W. Sullivan, Prop. Sullivan House, El Reno, O. T., writes, June 6, 1902: "I take pleasure in recommending Ballard's Snow Liniment to all who are afflicted with rheumatism. It is the only remedy I have found that gives immediate relief." 25c, 50c and $1.00. Sold by W. M Johnson.

KING OF ALL LINIMENTS
CURES RHEUMATISM AND ALL PAIN
CURES BRUISES, CUTS, BURNS, SCALDS, OLD SORES, CHAPS, SPRAINS, BACKACHE, LUMBAGO, STIFF JOINTS, CONTRACTED MUSCLES, SPRAINED ANKLES, SORE MUSCLES, SPRAINED WRISTS, FROSTED FEET, COLDS, CHILBLAINS, AND ALL INFLAMMATIONS OF MAN OR BEAST.

BALLARD'S SNOW LINIMENT

READ THIS REMARKABLE CURE

"I was much afflicted with rheumatism, writes Ed. C. Nad, Iowaville, Sedgwick Co., Kansas, "going about on crutches and suffering a great deal of pain. I was induced to try Ballard's Snow Liniment, which cured me, after using three 50c bottles. IT IS THE GREATEST LINIMENT I EVER USED; have recommended it to a number of persons, all express themselves as being benefited by it. I now walk without crutches, and am able to perform a great deal of light labor on the farm."

THREE SIZES: 25c, 50c AND $1.00

Chamberlain's Cough Remedy
Cures Colds, Croup and Whooping Cough

PATHETIC CASE.

War Veteran Returns to Georgia to Try and Obtain Pension.

Savannah, Ga., Sept. 16.—A pathetic case of want and misery in Savannah is that of W. H. McGovern, aged 72, and his wife, who have come from Texas in an effort to get a pension in Georgia. They have spent every penny of their money on the trip and now they are being cared for by the Salvation Army.

McGovern was in the command of the late Colonel John Screven, of this city, from Savannah, and lost his arm at the second battle of Manassas. After the war he went to Texas, but old age found him in want, and he determined to return to his native state and seek its aid.

Awards Medals to Americans.

Liverpool, Sept. 16.—The Mary Kingsley medal, instituted by the Liverpool school for the study of tropical diseases to commemorate Miss Mary Kingley, the African traveler, has been awarded to Dr. Charles Finlay, chief sanitary officer of Cuba, who originated the theory that yellow fever is carried by mosquitoes, to Colonel W. C. Gorgas, United States army, who as chief sanitary inspector at Havana, gave practical effect in 1902 to the discovery of Dr. Finlay and the American commission in connection with the investigation of the cause of yellow fever and succeeded in banishing the disease from Havana, and to Dr. Theobald Smith, of Harvard, who discovered a new kind of blood parasite in his investigations of the so-called Texas cattle fever.

Seven Years for Stealing $100,000.

New York, Sept. 14.—Chester H. Bunyan, paying teller of the Windsor Trust company, who confessed to stealing $100,000 of the company's funds, was sentenced Wednesday to serve seven years in Sing Sing prison.

The Modesty of Women

Naturally makes them shrink from the indelicate questions, the obnoxious examinations, and unpleasant local treatments, which some physicians consider essential in the treatment of diseases of women. Yet, if help can be had, it is better to submit to this ordeal than let the disease grow and spread. The trouble is that so often the woman undergoes all the annoyance and shame for nothing. Thousands of women who have been cured by Dr. Pierce's Favorite Prescription write in appreciation of the cure which dispenses with the examinations and local treatments. There is no other medicine so sure and safe for delicate women as "Favorite Prescription." It cures debilitating drains, irregularity and female weakness. It always helps. It almost always cures. It is strictly non-alcoholic, non-secret, all its ingredients being printed on its bottle-wrapper; contains no deleterious or habit-forming drugs, and every native medicinal root entering into its composition has the full endorsement of those most eminent in the several schools of medical practice. Some of these numerous and strongest of professional endorsements of its ingredients, will be found in a pamphlet wrapped around the bottle, also in a booklet mailed *free* on request, by Dr. R. V. Pierce, of Buffalo, N. Y. These professional endorsements should have far more weight than any amount of the ordinary lay, or non-professional testimonials.

The most intelligent women now-a-days *insist* on knowing what they take as medicine instead of opening their mouths like a lot of young birds and gulping down whatever is offered them. "Favorite Prescription" is of KNOWN COMPOSITION. It makes weak women strong and sick women well.

Dr. Pierce's Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing *only*. Send to Dr. R. V. Pierce, Buffalo, N. Y., 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound.

If sick consult the Doctor, free of charge by letter. All such communications are held sacredly confidential.

Dr. Pierce's Pleasant Pellets invigorate and regulate stomach, liver and bowels.

Airship Wrecked.

Wheeling, W. Va., Sept. 16.—In the presence of nearly 30,000 people at the state fair here, Eugene Godet's airship was wrecked by striking the roof of the grand stand.

KILLED BY POSSE.

Alabama Man Who Attacked Deputies Riddled with Bullets.

Birmingham, Ala., Sept. 16.—Joseph Wise, of New Markel, a town on the Cahaba river across Shades mountain, was riddled with bullets and instantly killed by a posse of deputy sheriffs Friday when he advanced upon them with an upraised ax as they were seeking to serve a writ of ejectment upon his mother, Mrs. Mary Wise, to dispossess her of land claimed to have been held illegally.

Wises two brothers, who were with him, fled to the woods and the officers sent for reinforcements, having suspected that the brothers had gone to organize a posse of friends to attack them.

Further bloodshed is feared.

Columbus To Get Oil Plant.

Columbus, Ga., Sept. 16.—It is now regarded as practically assured that Columbus will get a new oil plant of the Gulf Refining company. The company has proposed to lease certain commons land from the Georgia Midland railway and erect thereon a warehouse and establish several oil tanks, the whole expenditure representing an investment of $15,000 to $20,000, if city council will approve the lease.

Lucy Cobb Breaks Record.

Athens, Ga., Sept. 16.—Lucy Cobb Institute is breaking all former records this year. The opening shows the presence of more than one hundred boarders, in addition to the day pupils in this city. The dormitories are filled to overflowing. Miss M. Rutherford, the principal, is pleased with the outlook for a most successful year.

D. Willis James, senior member of the firm of Phelps Dodge & Co., of New York city, died at the age of seventy-five years.

Who Pays For Your Printing?

Poor printing is a detriment to any buisness, and is an unprofitable investment. Poor printing is usually paid for twice—once when you settle with the printer, and again in the injury it does your business.

GOOD PRINTING PAYS FOR ITSELF!

In the added business it brings, in the complete satisfaction you feel in sending out neat, tasty stationery, and its first cost is soon on the credit side of the ledger. Good printing is remembered long after the price is forgotten.

James F. Turner of Bronson and Chas. Perryman of Meredith were in the city yesterday on business connected with the United States land office.

We carry everything for school children's supplies, and our prices are cheap. We appreciate your trade at the "new kind of a store—Gainesville 5 and 10-Cent Store.

Friends of C. C. Chitty, who was compelled to undergo a surgical operation at the Odd Fellows' Sanitarium on Saturday, will be glad to learn that his condition is fine, and that he will be out in a few days.

Judge Syd L. Carter left Sunday for Bronson, where he is engaged as counsel in the case of the Lowmans, charged with the murder of Mr. Phinney at Raleigh a few months ago. This case will be one of the most important to be heard in Levy county for several years, as the parties are well known throughout the county.
